Pvc'nin Altın Çağı

PVC LAMBRI VE ASMA TAVAN SİSTEMLERİ

PVC PANEL AND SUSPENDED CEILING SYSTEMS

Hakkımızda

Kula Pvc 1996 da kurulmuştur. Bu tarihten itibaren Plastik Lambri üretiminde faaliyet göstermekte ve ürettiği ürünleri kaliteden taviz vermeden en uygun fiyatlarla sizlere sunmaktadır. Fabrikamız İzmir Limanına 40 km, Adnan Menderes Havalimanına 22 km dir.

Esnek bir firma olarak ana hedefimiz müşteri memnuniyetidir. Ulusal ve uluslararası fuarları takip ederek, yeni ürün ve tasarımları inceleyerek, sizleri daha iyisi, daha yenisiyle buluşturuyoruz.

Kula Pvc olarak AR-GE'ye önem vererek çalışıyoruz. Plastik sektöründe sadece lambri ve lambrinin montaj malzemelerini değil, ekstrüzyon makinaları ile üretilebilecek tüm özel ürünleri, profil ve levhaları, renk ve kalıp farkı olmaksızın 50 gr/m'ten 2.500 gr/m'te kadar üretme ve hizmete sunmada sektör lideriyiz. Üretim kapasitemiz aylık 40 TIR (40'lık Konteyner). Kalıplarımız, makina ve ekipmanlarımız sürekli iyileştirilmekte ve en iyi ürünü en kısa sürede üretebilmek için modernize edilmektedir.

Ürünlerimiz Türkiye'de şimdilik 55 ilde ve onlara bağlı pek çok ilçede. Yurtdışında ise 13 Farklı ülkede satılmaktadır. Siparişlerinizin sizlere en kısa sürede ulaştırılması için 6000 m2 alana sahip olan fabrikamızda 3000 M2 stok alanı ayırdık.

Yenilik ve teknolojinin geliştiği bu zamanda **pvc'nin yeni çağını** biz başlatıyoruz.

About Us

Kula Pvc has been established in 1996. From this date, it has been active PVC panels production and offers its products with the most reasonable prices without compromising quality. Our factory is 40 kms away from İzmir port, 22 km away from Izmir Adnan Menderes Airport.

As a flexible company, our main object is customer satisfaction. By following national and international fairs, analyzing new products and designs, we are bringing the better and the newer to you.

As Kula Pvc, we are working with emphasis on R&D. We are the industry leader in plastic industry producing not only paneling and paneling mounting materials, but also all the special products can be produced with extrusion machines, profile and plates, without color or mold distinction, from 50 gr/mt up to 2.500 gr/mt. Our monthly production capacity is 40 of 40' HC Container. Our molds, machines and equipments are on continuous improvement and modernization to produce the best production in a short time.

Our products can be found in Turkey 55 provinces, its' districts and exported 13 different countries. We reserved 3000 m2 storage area in our 6000 m2 factory for your orders to delivered to you as soon as possible.

We are starting the **new era of pvc** at this time of innovation and technology.
